

PRESS RELEASE: Chamber Accreditation Council of Canada Announces 2027-2031 Accredited Chambers

September 28, 2026 (Victoria, BC) - The Chamber Accreditation Council of Canada (CACC) is pleased to recognize 27 Chambers of Commerce and Boards of Trade that have achieved or renewed Accreditation, the highest mark of Chamber excellence in Canada.

To become Accredited, a Chamber must submit its policies and procedures to the CACC for review against a comprehensive set of national standards. Accreditation represents formal recognition that a Chamber has successfully met these national standards and demonstrated excellence across its leadership, governance, and operations. The Standards of Accreditation serve as a strong foundation for building successful and resilient Chambers of Commerce and Boards of Trade, while reinforcing the common values of the Chamber Network:

- Chambers are non-partisan and non-sectarian;
- Chambers are member-driven and guided by member input;
- Chambers are committed to serving their local business communities;
- Chambers are inclusive and collaborative organizations;
- Chambers operate with transparency, integrity, and accountability;
- Chambers support competition in a free market; and
- Chambers support broad economic, social, and community prosperity.

“Accreditation reflects a Chamber’s commitment to strong governance and trusted advocacy for local businesses,” said Shauna Feth, Chair of the CACC. “We celebrate Accredited Chambers for the impact they make in their communities and the leadership they demonstrate in setting a higher standard for Chambers across Canada. Their achievement affirms a culture of accountability, continuous improvement, and excellence in service to Chamber members.”
